# ARE YOU A PARENT OR CAREGIVER OF A YOUNG PERSON DIAGNOSED WITH A CHRONIC EATING DISORDER?

Chronic Eating Disorders might include: Anorexia Nervosa (AN), Bulimia Nervosa (BN), Binge Eating Disorder (BED), Avoidant/Restrictive Food Intake Disorder (ARFID), Rumination Disorder, Pica, Other Specified Feeding or Eating Disorder (OSFED)

Join our research on Parental Perceptions of Psychedelic-Assisted Therapy (PAT) for Treating Eating Disorders in Young People.

Eating disorders are complex, and finding the right treatment can be challenging.

As we explore new treatment options, your experiences and feelings as caregivers matter. Your voice can help shape better treatments for the future.

How to Get Involved: Scan the QR code or visit [link] to participate. For more information, contact \_ at [email/phone number].

#### What You'll Do:

Complete a 20 – 30-minute online survey about your views on PAT (with optional interview follow-up).

#### Eligibility:

Parents or carers of young people with a diagnosed chronic eating disorder.

#### \*Please note\*

There is no planned trial for PAT for young people with an eating disorder, we are just interested in your opinions.
